

Mills and coarse crushers

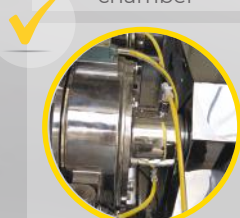

Universal mill
MUCS/S 150 DC
(with filter DC)

additional sieve
on the rim

grinding
chamber

water jacket

| Model | Mechanical capacity up to: (kg/h) |
|---------------|-----------------------------------|
| MUCS/S 50 | 50 |
| MUCS/S 150 | 150 |
| MUCS/S 300 | 300 |
| MUCS/S 800 | 800 |
| MUCS/S 50 DC | 50 |
| MUCS/S 150 DC | 150 |
| MUCS/S 300 DC | 300 |
| MUCS/S 800 DC | 800 |
| MFCS/S 50 DC | 80 |
| RU/S 300 | 300 |
| RU/S 500 | 500 |
| MWCS/S 100/2 | 80 |

Universal mill
MUCS/S 300

OPTIONS:

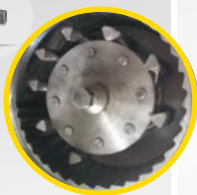

- water jacket
- speed regulator
- additional sieve on the rim
- cooler
- additional filter

Universal fine crusher
MFCS/S 50 DC

OPTIONS:

- additional sieve
- water jacket
- cooler
- silo with cover

grinding chamber
with a hammers
disintegrating

feeding auger

Butter grinder
MK/S 500

ADVANTAGES:

- high performance
- smooth adjustment of the grinding thickness
- compact dimensions

| Model | Grinding thickness (~mm): | Mechanical capacity up to: (kg/h) |
|----------|---------------------------|-----------------------------------|
| MK/S 80 | 0,4-1 | 100 |
| MK/S 500 | 0,4-1 | 700 |

Universal
coarse crusher
RU/S 300

OPTIONS:

- additional sieve
- cutting knives set
- sealing ring
- INOX knives set

Roller mills
MWCS/S 100/2

ADVANTAGES:

- stepless grinding adjustment
- small dimensions
- easy to clean
